Dear Members and Friends,

The sardine cannery tour was very interesting! Our guide was really passionate when explaining the whole manufacturing process. At the end, there was a tasting, and we were able to buy some very tasty products.

Now that spring season is almost here, it's the perfect time to our next outdoor activities:

**On April 16th: Wine Tasting at Villa Alvor** (there are still some spots available)

This lovely winery is located in the old Quinta do Morgado da Torre, between the Ria de Alvor and the Serra de Monchique, just 4.5 km in a straight line from the coast. It will be a great occasion to taste or buy some of the most famous wines produced in the Algarve.

It is a guided visit that includes the tasting of 3 wines from the Villa Alvor Colheita range (red, white and rose), accompanied by two different types of Aveleda cheeses, Bisaro pork charcuterie and crackers.
